

## **Spinproof: Antidotes for Political Messages**

**Thursday, March 17, noon - 1 p.m. via Zoom**

Please join us for this free, virtual Akron Press Club discussion when long-time congressional staffer, Jennifer Holzer and Bliss Institute Director Emeritus John Green talk politics. There will be an opportunity for questions.

John Green will moderate the discussion, which will cover such topics as:

- Why does politics divide us?
- How did wearing face masks become a political football?
- When did we start judging candidates on their "electability?"
